Concluding Remarks

Company Introduction

Our company is headquartered in Dongguan, known as the "world manufacturing city" and "China's Silicon Valley", with large production bases in Hengli Town, Dongguan, Guangdong Province, and Anfu County, Ji'an City, Jiangxi Province. We are also recognized as a high-tech enterprise.

Since its establishment, our company has been providing customers with one-stop services including research and development, mold making, sampling, trial production, mass production, and logistics support. Our product range includes audio, video, data and signal transmission cables, internal wires, AC/DC power cables, FFC flexible flat cables, and other wire categories. These products are widely used in industrial control, digital, communication, medical, automotive, and aerospace fields. With comprehensive talent and technological resources, we provide customers with high-quality products and services.

We conduct business in an ethical, professional, and responsible manner, creating value for customers, suppliers, shareholders, employees, and the community.

Research & Development(R&D) Center:

No.483 Xincheng Road, Hengli Town,
Dongguan City, Guangdong Province

Marketing Center:

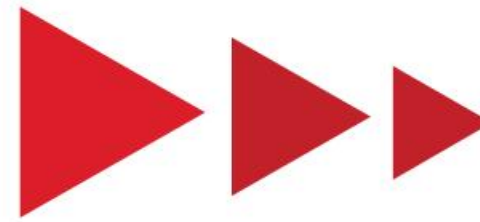

Room 1616, Building 1, No.15 Gongye West
Road, Songshan Lake , Dongguan City

Production base:

1.Hengli Town, Dongguan City, Guangdong Province
2.Anfu County, Jian City, Jiangxi Province

Development of the company

(future plan:)

2025-2026: Establishment of a Factory in Vietnam
(Address: Hoang Ninh Commune, Viet Yen District,
Bac Giang Province, Vietnam)

2009: Dongguan Hengli Factory completed and put into operation
Production of AC and DC power cables

2010: Obtained ISO9001 certification

2011: Obtained ISO14001 certification

2014: Establish an enterprise resource planning system

2014: Establishment of wiring harness Manufacturing Division

2017: Obtained Sedex certification

2018: Established Jingyi wire marketing center

2021: Establishment of silicone products production base (Ji 'an, Jiangxi)

2023: Establish a factory in Indonesia (Songguang, Kompu Joint Industrial Park)

2025: Obtained IATF16949 certification

Company Profile

Jin Yi Center

Due to the needs of business development, our company has established the marketing center headquarters in Songshan Lake High-tech Zone, providing customers with efficient communication and more high-quality, innovative and convenient services to meet customer needs and create a better cooperative experience.

AREAS

Overview of Dongguan Production Base

Obtained: ISO 9001:2015 , ISO 14001:2015 & Sedex (by Intertek) , IATF16949

Factory(工厂规模):

- Area(工厂面积) : 23,000 M²
- Max.Capacity(最大生产力) : 7,000Kpcs/Month
- Worker(员工) : 530人
- Engg Dept(工程部) : 40人
- Quality Dept(质量部) : 60人
- Max. annual output value(最大年产值) : 3亿RMB

Overview of Jiangxi Production Base

Obtained: ISO 9001:2015 Certification

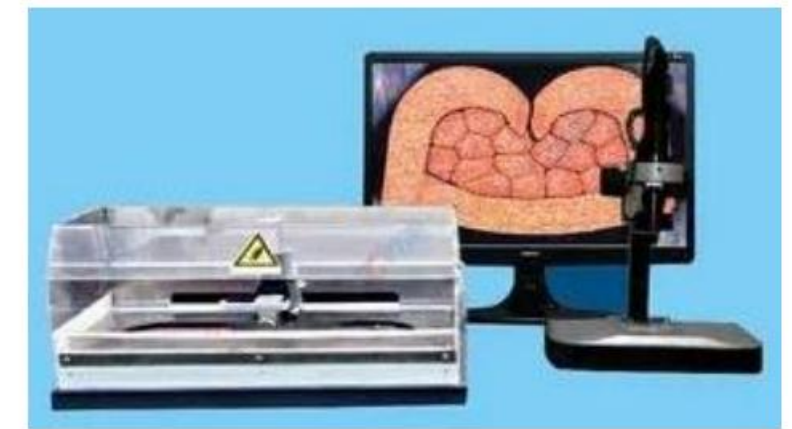

Factory(工厂规模):

- Area(工厂面积) : 20,000 M²
- Max.Capacity(最大生产力) : 500万米/Month
- Worker(员工) : 280人
- Engg Dept(工程部) : 30人
- Quality Dept(质量部) : 50人
- Max. annual output value(最大年产值) : 3亿RMB

Laboratories and important testing equipment

Our company's laboratory is equipped with a range of specialized wire testing equipment, including: wire X-ray machines, ROHS 2.0 testers, terminal crimping force monitoring instruments, wire cross-sectional analysis devices, 2D imaging instruments, combustion testers, temperature resistance testers, aging testers, and packaging and transportation testing equipment.

We are dedicated to safeguarding our products and providing our clients with precise and high-quality services in the areas of mathematics, physics, and chemistry.

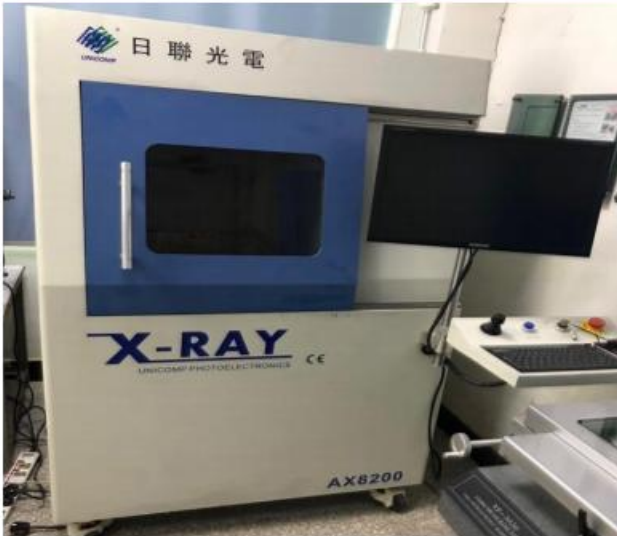

Enhance quality management and elevate product quality.

Company Profile

Important test equipment

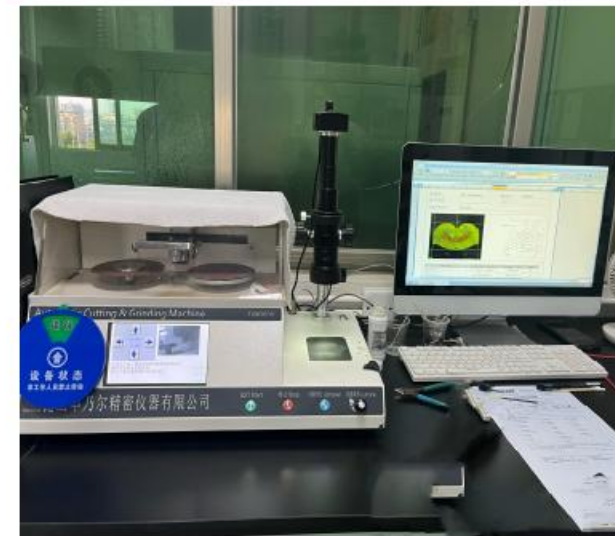

➤ Wrie X-ray machine
(high resolution)

➤ Combustion tester

➤ Wire section analyzer

➤ ROHS tester

➤ Salt-spray Tester

➤ Constant temperature oven

➤ Aging tester.

➤ Imaging tester.

Product application

Audio, video (HDMI), data, and signal transmission cables.

Silicone wire products

AC/DC Power Cables

Wire harness

An automotive wiring harness
